

Teatanic Tea Infuser

Description

- Mini-Titanic, including portholes and smokestacks
- Eco-friendly and reusable with loose tea leaves
- Molded from durable, BPA-free silicone
- Microwave and dishwasher safe

All aboard for tea! The Teatanic Tea Infuser, an homage to the famed RMS Titanic, is guaranteed to be your favorite vessel as you ship out on your tea journeys. We won't blame you if you sing Celine Dion's "My Heart Will Go On" as you fill the ship with tea leaves and set it to sail toward a flavor paradise in your cup. Daydream about the waves and salty ocean air for 3-5 minutes, and you'll then be at your destination: a perfectly steeped cup of tea!

Teatanic, nestled in an eye-catching gift box, is a wonderful gift for a tea lover or anyone who likes quirky and cute items. Molded from sturdy, food-safe silicone, the replica ocean liner can handle temperatures up to 450 degrees Fahrenheit. Teatanic is microwave and dishwasher safe, so your voyages can take you anywhere.
